

Make a square game

The aim of this game is to colour a 2 by 2 square.

- Play this game in 2s or 3s.
- Roll two dice and multiply the numbers together.
- Find the answer and colour it in.
- The next player rolls the dice and does the same.
- If you can not find a number to colour in pass the dice to the next player.
- The first player to make a bigger square (2 by 2) of coloured in squares is the winner.
