3. Previous Events Review

Disco 09/02/24

Really good atmosphere, children seemed to enjoy it. Disco lights worked well. Wi-fi signal struggling which created issues with downloading the songs. Luckily Daniel had downloaded the majority of the songs requested beforehand. Unable to play some of the songs requested on that evening due to poor internet connection. Daniel and Jenna enjoyed leading the event. Some confusion with coats at the end, next disco suggested to ask parents to take coats back with them. Children with medical needs – all accommodated. Discussed the possibility of an end of year disco but there are numerous events towards the end of the academic year - ?11th/12th July.
