## Monsters Round to the Nearest 100 3 Digit Numbers

a game for 2 players

Need: dice, counters

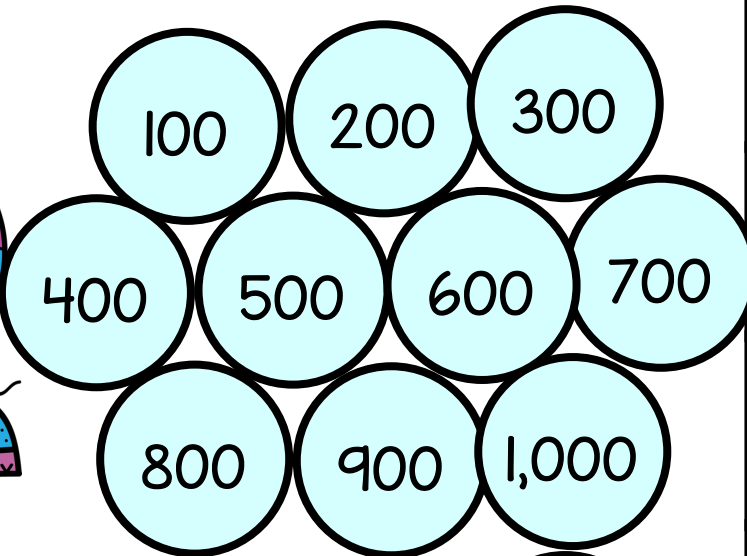

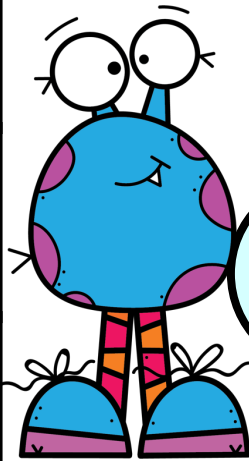

Each player chooses a monster for the game and puts a counter on Start. Players take turns to roll the dice and move, round the number to the nearest 100 and cover the answer on one of their monster's circles. If you land on a bug, you can cover any of the circles. The first player to cover all of their circles is the winner.
